

SARRT COMMUNITY QUARTERLY TRAINING

Improving Response to Victims of Violent Crime in the Pee Dee Region

While the availability of training opportunities for law enforcement, victim advocates, and attorneys to adequately respond to crimes against women, including sexual assault, domestic/intimate partner violence, stalking and strangulation are present, they have failed to reach the majority in the Pee Dee Region. This is a one-day training with offerings in Florence and Conway. The training session aims to narrow this gap while reaching both new and established staff at both orientation and refresher training sessions.
